Subject Re: Consent Decree

A complete copy went out yesterday via FedEx. It should be there today. Let me know if it doesn't arrive.

I don't like just sending a signature page. We have assembled a complete CD, absent the ROD, and it has been executed and I understood was on its way. My understanding was that Bret had it together and had sent it out Tuesday. So you should have it shortly.

I just wanted to check in on the CD. I understood from Kerry's July 20th email that he has authorization to sign the CD. Was he just going to print the page and sign it? If you send it to me, that'd be fine. Thanks.
